# **Physical/Occupational Therapy Prescription**

Name:			Date of Birth:	
Diagnosis: _	Adhesive Capsulitis	Code:	M75.0	_

#### Instructions:

# **Range of Motion:**

- Please focus on increasing range of motion, with a focus on forward elevation, adducted external rotation, and adducted internal rotation.
- When working on flexion please block scapulothoracic and emphasize glenohumeral motion.
- No range of motion limitations.
- Mild discomfort while pressing into end-ranges is ok, but frank pain is not.
- Begin gently and progress as tolerated.

### **Strengthening:**

- Ok incorporate active range of motion and strengthening per therapist's preference, with no specific limitations. However, focus upon motion and not upon strengthening.

### Home exercise program:

- Please provide with a home exercise program including table slides, wall climbs, cane exercises, and sleeper stretches, to be performed 3-4 times per day.

# Modalities:

- Heat, massage, and pain medications before exercises and ice after.
- Remaining modalities per therapist's preference.
- Please apply modalities with the arm at end-ranges of motion, not in neutral-adduction.

Frequency:	1-2 times/week	Duration 6 Weeks
